

# CAMP PROMISE 2024 CAMPER APPLICATION CHECKLIST

*Welcome!* Below is an outline of the steps needed to apply to Camp Promise.

In addition to your online application, you will need to download and print a medical form as well as a personal medication list (please note that we understand the personal medication list may change prior to camp. If accepted, we will have you fill out an updated version of this a few days prior to camp), then upload both forms back to your application. You will be able to access these forms once you register as a user in our system and begin your online application.

Due to high interest, space at camp is limited. Applicants must submit an online application AND complete an interview with our leadership team to be considered for a spot in a cabin. We expect camp sessions to fill up quickly, so please complete your online application and interview as soon as possible. Please contact our office if you have any questions.
